Tony Dzwonar, Director Internal Affairs  
Indiana Office of Utility Counselor  
100 North Senate Ave., Room N501  
Indianapolis, Indiana 46204-2215

Dear Mr. Dzwonar,

This letter is in support of the proposed changes to the Indiana Utility Regulatory Codes that are being reviewed by the IURC. These changes will impact countless families across the northern part of Indiana by providing a fairer set of regulations, and lowering deposits. It is immoral for people to face choosing to do without food or medicine so they can stay warm. As residents of St. Joseph County, we would rather spend our community's resources on moving families to self-sufficiency than paying these unreasonable deposits.

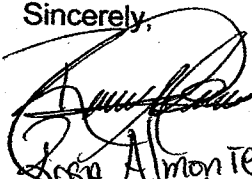

We thank the Commissioners for the work they are doing to bring about changes in the 30 year-old utility code and feel the proposed regulations overall are much improved. The following though, are our areas of concern.

***We are supporting the following changes in the proposed rules:***

- o Changing the current language allowing up to 4 months of the yearly bill as a deposit amount to only one month of the yearly bill.
- o Eliminating the credit scoring language and promote the process of using client's credit history with the utility in paying their utility bills.
- o Eliminate the deposit language that allows utility companies the ability to charge a deposit after disconnect notices are received in either two consecutive months, or three total are received in 11 months.
- o Amend the language to allow community assistance agencies to be refunded the deposit dollars they paid without the agencies also taking responsibility for future bills.

Thank you for this opportunity to voice our support and concerns.

Sincerely,

  
Jessica Almonte  
128 N. Gladstone Ave.  
South Bend, IN 46619.

Indianapolis, Indiana 46204-2215

Dear Mr. Dzwonar;

This letter is in support of the proposed changes to the Indiana Utility Regulatory Codes that are being reviewed by the IURC. These changes will impact countless families across the northern part of Indiana by providing a fairer set of regulations, and lowering deposits. It is immoral for people to face choosing to do without food or medicine so they can stay warm. As residents of St. Joseph County, we would rather spend our community's resources on moving families to self-sufficiency than paying these unreasonable deposits.

We thank the Commissioners for the work they are doing to bring about changes in the 30 year-old utility code and feel the proposed regulations overall are much improved. The following though, are our areas of concern.

***We are supporting the following changes in the proposed rules:***

- Changing the current language allowing up to 4 months of the yearly bill as a deposit amount to **only one month of the yearly bill.**
- **Eliminating the credit scoring language** and promote the process of using client's credit history with the utility in paying their bills.
- **Eliminate the deposit language** that allows utility companies the ability to charge a deposit after disconnect notices are received in either two consecutive months, or three total are received in 11 months.
- **Amend the language** to allow community assistance agencies to be refunded the deposit dollars they paid without the agencies also taking responsibility for future bills.

Thank you for this opportunity to voice our support and concerns.

Sincerely,

Julia Cunningham

Dear Mr. Dzwonar:

This letter is in support of the proposed changes to the Indiana Utility Regulatory Codes that are being reviewed by the IURC. The changes will impact countless families across the northern part of Indiana by providing a fairer set of regulations and lowering deposits. It is immoral for people to face choosing to do without food or medicine so they can stay warm. As residents of Marshall County we would rather spend the community's resources on moving families to self-sufficiency than paying unreasonable deposits.

We support the following changes:

1. Change the current 4 months of the yearly bill to ONE month.
2. Eliminate credit scoring and use the client's credit history with the utility.
3. Eliminate the deposit language allowing utility companies to change a deposit after disconnect notices are received.
4. Amend the language to allow community assistance agencies to be refunded the deposit dollars they paid without the agencies also taking responsibility for future bills.

Thank you for working to bring about these needed changes, and thank you for giving us the opportunity to voice our support and concerns.

Sincerely,

**We are supporting the following changes in the proposed rules:**

- Changing the current language allowing up to 4 months of the yearly bill as a deposit amount to only one month of the yearly bill.
- Eliminating the credit scoring language and promote the process of using client's credit history with the utility in paying their utility bills.
- Eliminate the deposit language that allows utility companies the ability to change a deposit after disconnect notices are received in either two consecutive months, or three total are received in 11 months.
- Amend the language to allow community assistance agencies to be refunded the deposit dollars they paid without the agencies also taking responsibility for future bills.

Thank you for this opportunity to voice our support and concerns.

Sincerely,

*Lorine Huelikamp*

CONSUMER COUNSELOR

December 8, 2004

Tony Dzwonar, Director Internal Affairs  
Indiana Office of Utility Counselor  
100 North Senate Ave, Room N501  
Indianapolis IN 46204

Dear Mr. Dzwonar:

This letter is in support of the proposed changes to the Indiana Utility Regulatory Codes that are being reviewed by the IURC. The changes will impact countless families across the northern part of Indiana by providing a fairer set of regulations and lowering deposits. It is immoral for people to face choosing to do without food or medicine so they can stay warm. As residents of Marshall County we would rather spend the community's resources on moving families to self-sufficiency than paying unreasonable deposits.

We support the following changes:

1. Change the current 4 months of the yearly bill to ONE month.
2. Eliminate credit scoring and use the client's credit history with the utility.
3. Eliminate the deposit language allowing utility companies to change a deposit after disconnect notices are received.
4. Amend the language to allow community assistance agencies to be refunded the deposit dollars they paid without the agencies also taking responsibility for future bills.

Thank you for working to bring about these needed changes, and thank you for giving us the opportunity to voice our support and concerns.

Sincerely,

*Sister Mary Erwin, Huelskamp, P. HJC.*

Dear Mr. Dzwonar:

This letter is in support of the proposed changes to the Indiana Utility Regulatory Codes that are being reviewed by the IURC. These changes will impact countless families across the northern part of Indiana by providing a fairer set of regulations, and lowering deposits. It is immoral for people to face choosing to do without food or medicine so they can stay warm. As residents of St. Joseph County, we would rather spend our community's resources on moving families to self-sufficiency than paying these unreasonable deposits.

We thank the Commissioners for the work they are doing to bring about changes in the 30 year-old utility code and feel the proposed regulations overall are much improved. The following though, are our areas of concern.

***We are supporting the following changes in the proposed rules:***

- o Changing the current language allowing up to 4 months of the yearly bill as a deposit amount to only one month of the yearly bill.
- o Eliminating the credit scoring language and promote the process of using client's credit history with the utility in paying their utility bills.
- o Eliminate the deposit language that allows utility companies the ability to charge a deposit after disconnect notices are received in either two consecutive months, or three total are received in 11 months.
- o Amend the language to allow community assistance agencies to be refunded the deposit dollars they paid without the agencies also taking responsibility for future bills.

Thank you for this opportunity to voice our support and concerns.

Sincerely,

***We are supporting the following changes in the proposed rules:***

- Changing the current language allowing up to 4 months of the yearly bill as a deposit amount to **only one month of the yearly bill.**
- **Eliminating the credit scoring language** and promote the process of using client's credit history with the utility in paying their bills.
- **Eliminate the deposit language** that allows utility companies the ability to charge a deposit after disconnect notices are received in either two consecutive months, or three total are received in 11 months.
- **Amend the language** to allow community assistance agencies to be refunded the deposit dollars they paid without the agencies also taking responsibility for future bills.

Thank you for this opportunity to voice our support and concerns.

Sincerely,

A handwritten signature in black ink, appearing to read "Barbara McLaughlin". The signature is fluid and cursive, with the first name "Barbara" and last name "McLaughlin" clearly distinguishable.

Tony Dzwonar, Director of Internal Affairs  
Indiana Office of Utility Counselor  
100 North Senate Ave., Room N501  
Indianapolis, Indiana 46204-2215

Dear Mr. Dzwonar;

This letter is in support of the proposed changes to the Indiana Utility Regulatory Codes that are being reviewed by the IURC. These changes will impact countless families across the northern part of Indiana by providing a fairer set of regulations, and lowering deposits. It is immoral for people to face choosing to do without food or medicine so they can stay warm. As residents of St. Joseph County, we would rather spend our community's resources on moving families to self-sufficiency than paying these unreasonable deposits.

We thank the Commissioners for the work they are doing to bring about changes in the 30 year-old utility code and feel the proposed regulations overall are much improved. The following though, are our areas of concern.

***We are supporting the following changes in the proposed rules:***

- Changing the current language allowing up to 4 months of the yearly bill as a deposit amount to **only one month of the yearly bill.**
- **Eliminating the credit scoring language** and promote the process of using client's credit history with the utility in paying their bills.
- **Eliminate the deposit language** that allows utility companies the ability to charge a deposit after disconnect notices are received in either two consecutive months, or three total are received in 11 months.

Comments regarding "IURC Rulemaking No. 04-02" & other gas charges & fees

I am just one of the many Indiana residents who are having difficulty keeping up with the increasing charges by the utilities. I cannot say I live in a comfortable situation like many other people. I have to use supplement heat and lower my thermostat as much as I can so that my gas bill is not exceeding my level of income.

Definitely not a normal situation! Over the years I have struggled but my income just does not keep up with all the increasing expenses. In addition, this year, while I was hospitalized, I almost had my gas shut off and then had difficulty catching up with late payments due to being in the hospital and excessive medical bills which I am still burdened with.

What is hurting people even more in recent years are all these extra charges that they are tagging on to bills. I truly believe that someone has to stop allowing price gouging. It is happening with gas as well as gasoline.

There are just too many people that HAVE AND TOO MANY THAT HAVE NOT. It seems like there has to be a balance somewhere.

Are we heading in the direction of the unjust as opposed to the just? Like many foreign nations???

Sincerely,

South Bend Resident

November 1, 2004

Tony Dzwonar, Director Internal Affairs  
Indiana Office of Utility Counselor  
100 North Senate Ave., Room N501  
Indianapolis, Indiana 46204-2215

Dear Mr. Dzwonar,

This letter is in support of the proposed changes to the Indiana Utility Regulatory Codes that are being reviewed by the IURC. These changes will impact countless families across the northern part of Indiana by providing a fairer set of regulations, and lowering deposits. It is immoral for people to face choosing to do without food or medicine so they can stay warm. As residents of St. Joseph County, we would rather spend our community's resources on moving families to self-sufficiency than paying these unreasonable deposits.

We thank the Commissioners for the work they are doing to bring about changes in the 30 year-old utility code and feel the proposed regulations overall are much improved. The following though, are our areas of concern.

***We are supporting the following changes in the proposed rules:***

- o Changing the current language allowing up to 4 months of the yearly bill as a deposit amount to only one month of the yearly bill.
- o Eliminating the credit scoring language and promote the process of using client's credit history with the utility in paying their utility bills.
- o Eliminate the deposit language that allows utility companies the ability to charge a deposit after disconnect notices are received in either two consecutive months, or three total are received in 11 months.
- o Amend the language to allow community assistance agencies to be refunded the deposit dollars they paid without the agencies also taking responsibility for future bills.

Thank you for this opportunity to voice our support and concerns.

Sincerely,

Ken Spotts  
Met Life Representative

Dear Mr. Dzwonar;

I attended the December 1<sup>st</sup> hearing in South Bend held by the Indiana Utility Regulatory Commission. I appreciate the willingness of the IURC to hold the hearing in South Bend. I was impressed by the overwhelming sentiment in favor of action to help people struggling to keep their heat on during the cold winter months. I endorse the following changes to the Indiana Utility Regulatory Codes that are being proposed by community groups in South Bend concerned about this important issue:

Change the current language allowing up to 4 months of the yearly bill as a deposit amount to only one month of the yearly bill.

Eliminate the credit scoring language and promote the process of using client's credit history with the utility in paying their bills.

Eliminate the deposit language that allows utility companies the ability to charge a deposit after disconnect notices are received in either two consecutive months, or three total are received in 11 months.

Amend the language to allow community assistance agencies to be refunded the deposit dollars they paid without the agencies also taking responsibility for future bills.

Thank you for listening to the community.

Sincerely,

It is immoral for people to face choosing to do without food or medicine so they can stay warm. As residents of St. Joseph County, we would rather spend our community's resources on moving families to self-sufficiency than paying these unreasonable deposits.

We thank the Commissioners for the work they are doing to bring about changes in the 30 year-old utility code and feel the proposed regulations overall are much improved. The following though, are our areas of concern.

***We are supporting the following changes in the proposed rules:***

- Changing the current language allowing up to 4 months of the yearly bill as a deposit amount to **only one month of the yearly bill**.
- **Eliminating the credit scoring language** and promote the process of using client's credit history with the utility in paying their bills.
- **Eliminate the deposit language** that allows utility companies the ability to charge a deposit after disconnect notices are received in either two consecutive months, or three total are received in 11 months.
- **Amend the language** to allow community assistance agencies to be refunded the deposit dollars they paid without the agencies also taking responsibility for future bills.

Thank you for this opportunity to voice our support and concerns.

Sincerely, .

Dear Mr. Dzwonar;

This letter is in support of the proposed changes to the Indiana Utility Regulatory Codes that are being reviewed by the IURC. These changes will impact countless families across the northern part of Indiana by providing a fairer set of regulations, and lowering deposits. It is immoral for people to face choosing to do without food or medicine so they can stay warm. As residents of St. Joseph County, we would rather spend our community's resources on moving families to self-sufficiency than paying these unreasonable deposits.

We thank the Commissioners for the work they are doing to bring about changes in the 30 year-old utility code and feel the proposed regulations overall are much improved. The following though, are our areas of concern.

Dear Mr. Dzwonar:

This letter is in support of the proposed changes to the Indiana Utility Regulatory Codes that are being reviewed by the IURC. These changes will impact countless families across the northern part of Indiana by providing a fairer set of regulations, and lowering deposits. It is immoral for people to face choosing to do without food or medicine so they can stay warm. As residents of Marshall County, we would rather spend our community's resources on moving families to self-sufficiency than paying these unreasonable deposits.

We thank the Commissioners for the work they are doing to bring about changes in the 30-year-old utility code and feel the proposed regulations overall are much improved. The following though, are our areas of concern.

**We are supporting the following changes in the proposed rules:**

- Changing the current language allowing up to 4 months of the yearly bill as a deposit amount to **only one month of the yearly bill**.
- **Eliminating the credit scoring language** and promote the process of using client's credit history with the utility in paying their utility bills.
- **Eliminate the deposit language** that allows utility companies the ability to change a deposit after disconnect notices are received in either two consecutive months, or three total are received in 11 months.
- **Amend the language** to allow community assistance agencies to be refunded the deposit dollars they paid without the agencies also taking responsibility for future bills.

Thank you for this opportunity to voice our support and concerns.
